Identification & Screening Manual

This manual is designed as a reference to be used in conjunction with the South Dakota Department of Education Title III and EL Assessment websites. This manual provides specific information regarding the identification and screening process of potential English Learners in South Dakota.

English Learner Definition

In South Dakota, an English learner is classified according to the Federal government definition as described in ESEA Section 3201(5). An English learner student is classified as one:

- a. who is aged 3 through 21;
- b. who is enrolled or preparing to enroll in an elementary school or secondary school;
- c. 
 - (i.) who was not born in the United States or whose native language is a language other than English;
 - (ii.) (I) who is a Native American or Alaska Native, or a native resident of outlying areas; **-AND-**
(II) who comes from an environment where a language other than English has had a significant impact on the individual's level of English language proficiency; **-OR-**
 - (iii.) who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant; **-AND-**
- d. whose difficulties speaking, reading, writing, or understanding the English language may be sufficient to deny the individual -
 - (i.) the ability to meet the challenging State academic standards;
 - (ii.) the ability to achieve successfully in classrooms where the language of instruction is English; **-OR-**
 - (iii.) the opportunity to participate fully in society.

Native American Students:

Please note that the demographic racial category of Native American is not sufficient to satisfy the EL definition. According to the Federal EL definition above, Native American students **must** also meet the second criteria in c. ii. which states, “who comes from an environment where a language other than English has had a significant impact on the individual’s level of English language proficiency.”

The Identification Process

At the beginning of the school year, identification, screening and parental notification of eligible students must be given within **30 calendar days** of enrollment. Once the school year is underway, the window for identification, screening and parental notification of eligibility is within **2 weeks** of enrollment.

Home Language Survey

A local school district is required to administer a Home Language Survey (HLS) to **ALL** students enrolling in the district as the first step in the screening process to identify students with limited English proficiency. Many districts include this survey in their initial enrollment card or document. Districts are also required to add the HLS to their new student registration packet. Completing the HLS needs to be done only during initial enrollment (not annually). It must be completed one per student, not one per family. The home language survey consists of the following four questions which have been approved by the US Department of Education Office for Civil Rights AND the US Department of Justice:

- ☐ What is the language most frequently spoken at home?
- ☐ Which language did your child learn when he/she first began to talk?
- ☐ What language does your child most frequently speak at home?
- ☐ What language do you most frequently speak to your child?

If any single response indicates a language other than English, school districts are then required to collect more information to determine if the student is an English learner.

If there is no indication that the student speaks another language from the home language survey, there are other indicators that can be used to initiate the administration of the WIDA Screener. These indicators may include but are not limited to: documented staff concerns based on classroom observations, performance, or if the student was receiving English language development services in another state.

LEAs need to explicitly communicate with parents that the HLS is used solely to offer appropriate educational services, not for determining legal status or for immigration purposes. If the LEA believes that the data provided was inaccurate, the LEA may contact the parent/guardian for further clarification regarding the information provided on the HLS. If the information is inaccurate the LEA will make the appropriate changes by initialing and dating the document.

A copy of the HLS is part of a student's cumulative record and should be kept on file.

A sample of the home language survey can be found here:

<https://doe.sd.gov/title/documents/home-language-survey.pdf>

Screening for English Language Proficiency

After a LEA has administered the home language survey, the next step in the identification process is to determine if the student meets the EL definition. The HLS is a tool to help LEAs identify potential students for assessment of language proficiency and English language development program placement. There are certain things to consider when a new student is enrolling in the LEA.

- Does the student have available records that may be used to help determine whether the student has demonstrated “the ability to successfully achieve in classrooms where the language of instruction is English”?
- Students’ cumulative folders should also be examined to determine whether the student was previously identified and was receiving English language development services.
- If the student came from another WIDA state and has a WIDA proficiency level from an assessment within the last calendar year, then the receiving district does not need to administer the screening assessment.
- If the student had previously been identified in another district or WIDA state, then the student should be placed in the district’s English language development program.

Initial Assessment

Once the student has been identified as potential English Learner through the HLS, a review of the EL definition, and a conversation with parents/guardians (as needed) the next step in the identification process is to assess for English Proficiency utilizing the World-class Instructional Design and Assessment (WIDA) screener tools.

South Dakota LEAs will administer the WIDA Screener for Kindergarten and WIDA Online Screener for Grades 1-12 developed by World-class Instructional Design and Assessment (WIDA). These Screeners identify a student as an English Learner.

To gain access to the WIDA Screener for Kindergarten, a login/password is needed. Only District Assessment Coordinators have access to download the materials. The WIDA Screener Online for grades 1-12 is free, online, and administered through INSIGHT Browser in conjunction with WIDA-AMS. Please note: the writing component of the Screener for grades 1 (second semester) - 3 requires a paper recording booklet which can be accessed from the WIDA Secure Portal: Materials/Resources page. Contact the South Dakota Department of Education office of Assessment & Support.

Overview of Screener assessments available:

Grade		Screener Assessment
Kindergarten		WIDA Screener for Kindergarten (paper-based) <input type="checkbox"/> Free and downloadable at: www.wida.us <input type="checkbox"/> Testing kit can be ordered - contact Yutzil Becker <input type="checkbox"/> Administered 1-on-1 <input type="checkbox"/> Test administrator scores ALL domains that are administered to the student
1 st semester (listening & speaking only)	2 nd semester: (listening, speaking, reading, writing)	
1 st grade		
First Semester 1 st grade: KG screener (4 domains)		
Second Semester 1 st grade		WIDA Online Screener <input type="checkbox"/> Free online <input type="checkbox"/> Administered through the INSIGHT Browser in conjunction with WIDA AMS <input type="checkbox"/> Test administrators score both the Speaking and Writing domains
2 nd grade- 12 th grade		
Remember: writing for grades 1-3 is on paper		

WIDA Screener for Kindergarten and Entrance Criteria

Students in the first semester of KG will only be administered the Listening and Speaking domains of the KG Screener. The listening and speaking domains are only administered to first semester KG students due to not having exposure to reading and writing instruction. Refer to the flowchart on following page to find KG identification criteria.

WIDA Screener

Off-Grade Clustering

For students in the first semester of the first year in a grade-level cluster, WIDA recommends the option of administering the lower grade cluster form.

Grade	1		2		3		4		5	6		7	8	9		10	11	12
Semester	1	2	1	2	1	2	1	2	1	2	1	2	1	2	1	2	1	2
Grade-Cluster Form	K (all domains)		Grade 1 Test		Grades 2-3 Test		Grades 4-5 Test		Grades 6-8 Test		Grades 9-12 Test

Quick Facts on WIDA Online Screener:

- ☐ Administered online
- ☐ Can be administered in a group setting
- ☐ Technology requirements are the same as ACCESS for ELLs 2.0
- ☐ Speaking and Writing domains are locally scored

For detailed information on the WIDA Online Screener, please visit:

<https://www.wida.us/assessment/Screener/screener-online.aspx>

Grades 1-12 Entrance criteria:

Students with a composite score lower than **5.0** on WIDA Online Screener will be deemed eligible for EL services.

Question: What do I need to do after I have screened the student and the student is deemed eligible for services?

- The WIDA Screener for Kindergarten and the WIDA Online Screener assessment results/scores need to be placed in the student's cumulative file
- Students must be identified as EL in Infinite Campus
- All students who are deemed eligible for EL services must be placed in the district's "effective" EL Core Program in accord with Lau vs. Nichols (1974)
- The district must notify parents of student's identification as an EL and placement in the EL program using the sample EL Parent Notification form.

Program Placement

School systems and educators have the legal responsibility to meet the academic and linguistic needs of English learners. They also have the educational responsibility of ensuring that every child can achieve the level of knowledge and skills they need to be successful. The school must provide sufficiently qualified human resources and appropriate programs and methodologies which will ensure the learning of English and the curriculum to the same extent as native English-speaking students. The school must evaluate the program to verify that it is providing effective instruction that is appropriate for ELs and may be different than what is provided to native English-speaking students.

Parent Notification Letter:

LEAs are required to notify parents of EL students of their child's placement, continuation, or exit from the EL program. If the student meets South Dakota's entrance criteria and is deemed eligible for EL services, parents must be notified annually. The parent notification letter be sent in a language understandable to the parents (to the extent practicable). The letter must indicate that their child was identified as needing specific English language development services and tell how the district will address those needs with English language development services.

The parent notification letter must consist of the following 8 components:

Title I & Title III Requirements for Parental Notification (ESEA Section 1112(e)(3))
<p>Parents must be informed annually regarding their child's placement in the LEA's EL core program within 30 days at the beginning of the school year or within two weeks of placement in the program for students who enroll during the school year. The parent notification letter <u>must include</u> the following 8 components:</p> <ul style="list-style-type: none">○ Reason for EL identification○ The child's level of English proficiency, how such level was assessed, and the status of the child's academic achievement○ Type of EL program the child is being placed into and other EL program options○ How the program will meet the educational needs of the child○ Exit requirements, expected graduation rate, and expected rate of transition to a classroom not tailored for EL students○ If the student is a student with a disability, how the EL program meets the goals of the child's IEP○ Information for parents on how to withdraw their child from the district EL program or to choose another program or method of instruction○ Parents right to deny services

The parent notification letter must be provided, to the extent practicable, in a language that the parents can understand (ESEA Section 1112(e)(4)). Note that parents have the right to deny services; however, students are still required to participate in screening and in the annual ACCESS for ELLs 2.0.

A sample letter for parental notification is shown in Appendix B.

Parental Waiver of EL Services

LEAs are required to inform parents/guardians of their right to deny EL services, however a parent's decision must be voluntary (ESEA 1112(e)(3)(A)(viii)). An LEA may not recommend that a parent denies services within a program for any reason. The LEA should discuss with the parents/guardians the benefits of EL instruction and address any concerns or misconceptions they may have.

Students whose parents waived services are still required to be assessed for annual English language proficiency along with ALL district ELs (ESEA Section 1111(b)(2)(G)). The school district must determine how to meet the language development needs of the student and how they can be addressed outside of the ELD program.

Question: Parents have waived EL services, what do I do?

Things to think about...

- Has the LEA discussed the benefits of EL instruction?
- Has the LEA addressed any misconceptions or concerns regarding the EL services?
- Has the LEA made it clear to the parent/guardian that parental waiver of EL services **does not exempt** the child from annual ACCESS for ELLs 2.0 assessment or the removal of any EL designation?
- Has the parent/guardian completed and signed the waiver of services form?

To ensure that parents have the opportunity to change their mind regarding EL services, the LEA must annually ask the parents to complete a parental waiver of services and store the completed form(s) in the student's cumulative folder.

Scenarios

Question: I have a student whose parent/guardian answered “English” on all four Home Language Survey questions. A few weeks into the school year, the student revealed to Miss Johnson that he speaks Spanish “all the time, at home”. What do I do?

What to do...

1. Contact the student’s parent/guardian to determine how the language affects the child
2. Review the information in the student’s cumulative folder
3. Collect teacher input from the teachers that are working with the student
4. Document when the student indicated that there was another language other than English in the home

After following the above steps choose which option applies:

- i. There are no academic concerns regarding the student- The LEA will monitor the student to ensure that the language other than English is not impacting the student’s ability to access instruction that is delivered in English.
- ii. A team has met to ensure that the concerns are linguistic in nature and not attendance, attention or behavioral concerns manifested as academic concerns. Student has academic concerns- The LEA will screen for English language proficiency.

Question: I have a student who was misidentified as EL. The parent/guardian indicated that the Home Language Survey was filled out incorrectly. The child is only exposed to another language through television programming. What is the process to remove the EL designation?

What is the process...?

- i. Document the situation and have parent/guardian sign and date
- ii. Contact SD DOE explaining the situation
- iii. Provide the following documentation to SD DOE:
 - Email explaining the situation
 - Prove of parent/guardian signature and date
 - Completed Home language survey amendment form

Appendix A
Home Language Survey (Sample)

Local Educational Agencies (LEAs) are required to identify possible English Learners (ELs) during enrollment. This Home Language Survey (HLS) is used as a tool to determine if your child is eligible for language support services. If a language other than English is used by you or your child and your child meets the English Learner (EL) definition, the school may give your child an English Language Proficiency assessment. The school will share the results of the assessment with you.

Student Information	
First Name:	Date of Birth:
Last Name:	School Name:

Questions for Parents or Guardians	Response
What is the language most frequently spoken at home?	
What language did your child learn when he/she began to talk?	
Which language does your child most frequently speak at home?	
Which language do you most frequently speak to your child?	

Parent Preferences	
In what language would you prefer to get information from school?	

Parent/Guardian's Signature: _____ Date: _____

Notification of Program Eligibility: (Entrance / Continuation / Exit) circle one

School: _____ Date Enrolled: _____ Date Identified: _____

Dear Parent/Guardian of: _____

ESEA Section 1112 (e)(3)(A)(i)

According to information you provided on the Home Language survey along with an English language proficiency assessment, your child:

- ☐ Is identified and eligible for EL services.
- ☐ Is qualified to continue EL services.
- ☐ Does not qualify for EL services because...
 - ☐ The student was formerly an English learner and is now English proficient. The student reads, speaks, and comprehends English in academic classroom settings. The student has exited from the EL program and will be monitored for continued academic success for 2 years.
 - ☐ The student was never classified as an English learner and does not fit the definition of an English learner outlined in state or federal law.

ESEA Section 1112 (e)(3)(A)(ii)

In XX Schools, Title III/EL Program eligibility is determined by Language Proficiency, which is assessed on a **scale of 1-6**. On the English language proficiency test, **your child tested at a level** _____ on the **ACCESS, Alternate ACCESS, WIDA Screener (circle the assessment type)**

Below is an explanation of the levels.

English Language Proficiency Levels (grades K-12)

Level A1	Initiating	The student can imitate sounds and respond to familiar voices.
Level A2	Exploring	The student can approximate routinely practiced words and respond to routinely practiced oral cues.
Level A3	Engaging	The student can approximate words and phrases and can respond to an idea within familiar language.
Level 1	Entering	The student knows and uses minimal social language and minimal academic language with visual support.
Level 2	Emerging	The student knows and uses some social English and general academic language with visual support.
Level 3	Developing	The student knows and uses social English and some specific academic language with visual support.
Level 4	Expanding	The student knows and uses social English and some technical academic language.
Level 5	Bridging	The student knows and uses social and academic language working with grade level material.
Level 6	Reaching	The student knows and uses social and academic language at the highest level measured by this test.

ESEA Section 1112(e)(3)(A)(vi)

To exit from the EL program, ELs will have reached the minimum level of a **5.0** Overall Composite Proficiency Level on the ACCESS for ELLs 2.0 test, but it can take up to 5 or 6 years to exit the EL program. The high school completion rate and on time graduation rates for SD schools can be found at <https://sdschools.sd.gov/#!/home>

ESEA Section 1112(e)(3)(A)(iii)

The school offers the following programs to help your child develop English language proficiency. A description of these program models can be found on the back side of this letter. Based on your child's language development needs, the recommended program model for your child is:

Pull-out language support Push-in language support Sheltered Instruction Other(s) _____

ESEA Section 1112(e)(3)(A)(v)

This program will help meet your child's language development needs by assisting your child with English language development services in order for your child to meet the grade level content standards in the mainstream classroom and help your child complete high school.

ESEA Section 1112(e)(3)(A)(iv)

A Language Acquisition Plan (LAP) will be written to address your child's specific strengths and needs:

- | | |
|---|---|
| <input type="checkbox"/> LAP is Attached (entrance or continuation) | <input type="checkbox"/> LAP will be written (entrance or continuation) |
| <input type="checkbox"/> Not applicable – student does not qualify | <input type="checkbox"/> Not applicable – student is exiting |

ESEA Section 1112(e)(3)(A)(vii)

If your child also qualifies for Special Education services, the EL teacher will be part of the Individualized Education Program (IEP) team in order to ensure that the EL programming is working to help meet the objectives of the IEP.

ESEA Section 1112(e)(3)(A)(viii)

Parents/guardians have the right to decline **services** or choose a different program model offered by the district, but annual language proficiency **assessment** remains a district responsibility. If services are declined, a LAP is written to address the student's linguistic needs in the regular education setting. The EL decline of services form must be signed, dated, and returned to the school.

If you need more information regarding the EL program and services, contact:

EL Teacher Name

EL Teacher Phone Number

Date

Program Model Type	Focus	Students	Delivery	Staff
Transitional Bilingual or Early-Exit Bilingual Education	Develop literacy in English while developing some literacy skills in the native language	ELs with same native language	Instruction is delivered in both languages – instruction may be heavier in native language in early grades and transition to mostly English in later grade levels	Bilingual Teacher
Dual Language or Two-way Immersion	Develop literacy in the native language and in English	ELs with common native language and native English speakers who want to learn that language	Instruction is delivered in both languages	Bilingual Teacher
ELD (English Language Development)	Develop English language proficiency	EL students and possibly other native English-speaking students who need assistance with academic English	Instruction using ELD standards to teach English (students may use native language supports)	EL Teacher
Content Classes with Integrated ESL Support	Develop English language proficiency and content knowledge	ELs and can include native English speakers	Instruction uses rigorous content standards, English Language Development standards and specific strategies and techniques to teach English and content together	EL Teacher
Newcomer Program	Develop beginning English language skills, introduce core academic skills and provide support for acculturation to the US and school	New ELs to the US educational system with an entry level of English language proficiency or EL students with Severely Interrupted Formal Education	Instruction is delivered in English with native language support from Bilingual staff and peers when possible – units designed for students to succeed in US schools and transition students to regular classrooms within a year	EL Teacher
Other – Push-in EL	Develop English language proficiency	EL students and possibly other native English-speaking students who need assistance with academic English	Instruction in English using co-teaching and planning to make the lesson comprehensible, provide additional language support within the classroom related to the mainstream lesson or bilingual staff may provide native language support in the mainstream classroom	Bilingual or EL Teacher
Other – Extended Instructional Day	Focus varies, based on student needs	ELs	Instruction is delivered outside of the regular instructional school day	Bilingual or EL Teacher
